

Triple Topping is looking for a Unity programmer for our upcoming games!

### **First of all**

Don't ever ever hesitate to apply. We want to meet you! We encourage EVERYONE to apply and to share this job opening with people who are underrepresented in the industry.

We are looking for a Unity programmer for our upcoming games. Someone to join our development team together with Ida, Karina, Anne Louise, Astrid, Andreas, Simon and Murray.

### **About Triple Topping**

We are a Copenhagen based indie studio. We just released our game Welcome to Elk. But we also have a new secret project in the works.

If you are curious about how we work you can find our employee handbook and contract here: <http://tripletopping.com/#workwithus>

### **What we are making**

If you want to check out what kinds of games we make, Welcome to Elk is a good place to look.

*Welcome to Elk is a biographical adventure set on an island like no other, where every character you encounter has a story to tell. From the weird and wonderful to the dark and desperate, all the tales told on Elk are based on true stories of life on the road less traveled.*

More about Elk: <https://www.welcometoelk.com/>

## **What we are looking for**

We are a small team with only one programmer at the moment, so we are looking for a Unity programmer who can help us with the various things that pop up in the development of a game.

Tasks are mainly of a more technical nature and can include

- building reusable systems (e.g. a dialogue system)
- doing a port
- writing a shader

We don't require you to be proficient in all of these things beforehand. You haven't tried porting before? Don't worry, as long as you are willing to learn, there is a first time for everything.

Our games are 2D, not networked and have low spec requirements, so we can develop quickly and have more time to care for all the small details that make a game great.

You will work closely together with Simon, our programmer.

## **What we can offer**

- A long term full time position.
- 35000 DKK per month + bonus for families
- 2500 DKK pension per month
- Lunch
- Amazing people and games
- Optional bike for commuting

It would be amazing if you could work some of the time at our office in Copenhagen, but we are open to remote work.

## **Submitting an application**

Send us an application including your CV (and possibly a portfolio) to [job@tripletopping.com](mailto:job@tripletopping.com)

## **The process**

- We are looking for someone who can start January 2021
- You can apply until November 27th 2020
- Calls for interview will be in the week of Nov. 30-Dec. 4th 2020
- We hope to give everyone an answer by December 7th
